

MPQC-ACCREDITED SILO SAFETY TRAINING

Silo pressure experts Hycontrol now offer in-depth safety training courses at our Redditch, Worcestershire headquarters. Experienced engineers and trainers share essential safety knowledge and skills.

Hycontrol's training programmes are fully accredited by the MPQC (Mineral Products Qualifications Council). A certificate of attendance is provided to each attendee, with the option of an official MPQC certificate which is a recognised CPD document for a small additional cost.

Please note that we are limiting the number of attendees per session to SIX ONLY. Lunch, coffee and tea will be provided.

ADVANCED SILO SAFETY AWARENESS

Advanced-day silo safety course (£275.00 per attendee + optional £25 MPQC certificate cost). The morning session includes:

- ◆ How a delivery works
- ◆ Consequences of failure
- ◆ Dynamics of delivery with regards to flow and pressure
- ◆ Interactive demonstrations
- ◆ Essential equipment required
- ◆ Overview of maintenance

The afternoon session includes:

- ◆ Detailed maintenance procedures
- ◆ A detailed explanation of how each item works
- ◆ Hands-on workshop for maintenance
- ◆ Detailed PRV maintenance
- ◆ Detailed filter maintenance
- ◆ Detailed service explanation

For further information on our silo pressure safety training course or to discuss booking a training day for your staff, please contact sales@hycontrol.com or 01527 406800.

QUOTES FROM COURSE ATTENDEES

"Great course, one of the best I've been on."

"Very engaging presenters. A must for all in the powder business!"

"All drivers should attend, and anyone responsible for silos."

"I've been doing my job a long time but today I've learned a lot, thank you!"
